Chapter 1 - Resolved Issues

The following issues were resolved with Lytec Release 2014 SP1.

Test Defect #	Application	Description
23917	Core	<p>Lytec will no longer generate an error when attempting to run Accounts Receivable reports with large amount of data output. Previously, it could generate an error and close Lytec.</p> <p><u>Steps to recreate</u></p> <ol style="list-style-type: none">1. Launch Lytec and open a practice.2. On the Admin menu, select Preferences. The Preferences screen appears.3. Select the Reports tab.4. Ensure that A/R Totals Aging Report is selected.5. On the Reports menu, point to Aging Reports, and select A/R Totals Aging. The Print AR Totals screen appears.6. Leave the default settings and click the Preview button.7. Verify that the report previews to the screen and there are no errors.

23928	Core	<p>Boxes 4 and 7 of the 0212 CMS-1500 claim form are now showing the employer name and address for workers compensation claims. In addition, the top right of the claim form now shows the Insurance name and address for workers compensation claims. Previously, this was showing the employer name and address.</p> <p><u>Steps to recreate</u></p> <ol style="list-style-type: none"> 1. Create a worker's compensation insurance company. 2. Create or update a patient record by setting the primary insurance to the new worker's compensation insurance company. 3. On the Associations tab, enter an employer name and address. 4. Enter charges for the patient. 5. On the Charges and Payments screen, click Print and select Primary Insurance. 6. Select one of the CMS 1500 02-12 standard forms. 7. Click the Open button. The Print Insurance Claim screen appears.' 8. Click the Preview button. 9. Verify that the worker's compensation insurance company name and address appear at the top right (above Box 1a) and the employer name and address appear in Boxes 4 and 7.
23941	Encoder Pro	<p>Lytec 2014 SP1 Encoder Pro will no longer prompt for 2013 Encoder Pro registration.</p> <p><u>Steps to recreate</u></p> <ol style="list-style-type: none"> 1. Install Lytec 2014 SP1. 2. Open your practice and log in. 3. On the List menu, select Encoder Pro. 4. Verify that it prompts you for Lytec 2014 Encoder Pro registration.
